

**CHEMICAL PRODUCTS  
AND  
PLANT SOLUTIONS**

**Presentation - Year 2018**

SINTECO SRL it was born in 2005 with a experience of 30 years in the European Market about the Special Gases in different applications.

Sinteco working in two different core business:

**CHEMICAL PRODUCTS:** Petroliferous and Petrochemical products for Industrial applications.

**PLANT SOLUTIONS:** Management and Production Plant/Process of dangerous and inflammable products.

Sinteco is one of the European companies to have a Fgas Quota in according to the European Regulation n. CE517/ 2014 of which Article 16, paragraph 1, for the distribution of HFC on the European Market.

Sinteco always research and development on the European market new technologies and new applications of products in various fields of application such as Extruded plastics, Thermosetting plastics, Refrigeration and Aerosol spray propellants.

Sinteco is a company that over time has had the opportunity to establish itself in various sectors and that, after 13 years of activity, works and collaborates with the most important multinational companies in different sectors.

Sinteco operates throughout Europe and in various countries of the World in the field of Plastics material, Refrigeration and Aerosols application.

## CHEMICAL PRODUCT DIVISION

SINTECO distributes in many European countries and in the world different chemical products of HFC, HFO, HC origin in many industrial sectors of application .

### REFRIGERANTS

R134a - R152a  
R404A - R448A  
R449A - R507  
R407C - R410A  
R600a - R32  
R290 - R1234yf  
R1234ze - exc...

### AGENT FOAM

R152a - R152a+DME  
R134a+R152a  
DME - Isobutane - LPG  
Solstice GBA - Solstice LBA  
DME+Isobutane  
R152a+DME+ISO R152a+ISO  
Cyclopentane - N.Pentane

### PROPELLENT GAS

R134a+DME  
R134a+R152a  
R152a - DME - R134a  
HFO Solstice Propellent  
Isobutane  
Butane

### SINTEPORITE

Sinteporite 13X  
Sinteporite 3A  
Sinteporite 5A

## PLANTS SOLUTION DIVISION

PLANT SOLUTION DIVISION deals with the Engineering and Manufacturing of systems-plants in different industrial sectors where Sinteco has gained a long experience in the field of industrialization of their chemicals products.

### ***PURIFICATION L.P.G. COSMETICAL GRADE***

### ***EXTRUSION PLASTIC MATERIALS PLANT***

### ***AEROSOL PLANTS***

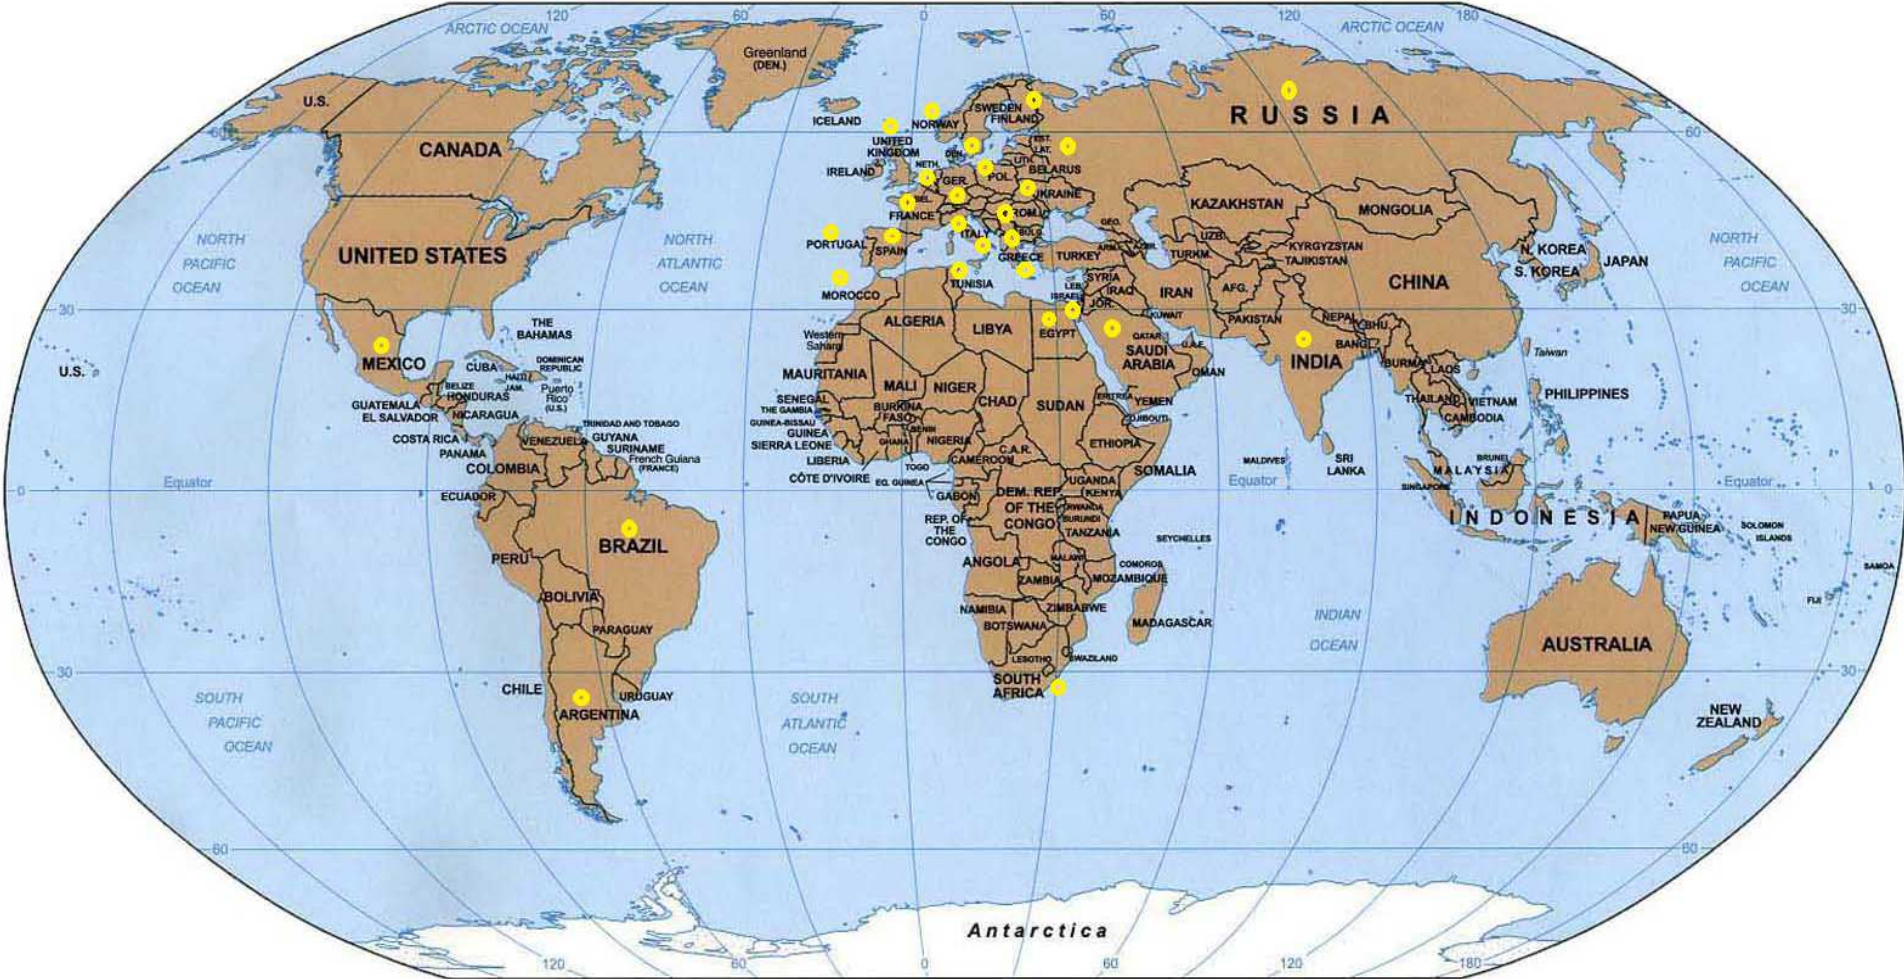

### ***POLYURETHANE FOAM PLANTS***

### ***REFRIGERATION PLANTS***
