

SINTHYGIEN

SINTHYGIEN is a professional surface hygienizer with a good cleansing action, designed for application to interior and exterior A/C units, filters, retail and industrial refrigeration systems, car and boat A/C systems, as well as general home and office surfaces, business premises and car interiors.

SINTHYGIEN is a product for PROFESSIONAL USE. Its use on delicate surfaces is not recommended.

For higher effectiveness we recommend using SINTCLEAN for cleaning, followed by SINTHYGIEN.

Product formulation contains isopropyl alcohol and quaternary ammonium salts.

DIRECTIONS FOR USE

Disconnect the power supply from the equipment before using SINTHYGIEN. Shake well before use, then spray directly on filters and/or parts or surfaces to be hygienized.

PLEASE READ THE SAFETY DATA SHEET BEFORE USE

STORAGE METHOD

Before use: Store the product in a dry place. Never store at a temperature below 0°C and above 45°C. Store in sealed containers after use. The product can be stored for up to 24 months in its original package (guarantee). **This product has no best before date.**

After its first use: Store the product in a fresh, dry place, away from heat sources. Keep out of reach of children.

Though reliable, the data contained herein should be meant for reference purposes only. We shall not be liable for their use, including with regard to any infringement of patents or licences. Priorly determining the suitability of the product to its specific intended use shall fall within the user's full responsibility.

TECHNICAL DATA

Bottle	600 ml tinplate
Packaging	12 pcs - No. 3 Minijet high-capacity valve buttons are included in the box
Appearance	Aerosol spray cans containing pressurized liquid
Colour	Clear
Odour	Fragrance essence: FRESH
Relative density	0.60 ÷ 0.64 g/ml at 20°C
Pressure	4÷6 bar at 20°C
Flash point	< 0° C - extremely flammable
Environmental friendliness	NO HFC
